

Appendix A: List of Resource Room Material

There is relevant information available from AFRH, most of which is located in the Resource Room. The available material, including plans and reports, is listed in the table below and the following pages. Some of the material can be made available only by requesting to view it in advance of visiting the Resource Room, as shown below. When calling to make an appointment to visit the Resource Room, please indicate if you want to review any of the documents which require advance notice for viewing and if so, which of those documents you are requesting to view.

All of the material, except that which must be requested in advance, is available in a Documents Package through a secured vendor. The steps for obtaining it are found in Appendix B: Procedures for Obtaining AFRH-W Documents Package.
